

Medico-legal training

A CPD accredited course

Preparing and giving medico-legal expert evidence

A course designed to develop the skills needed to become an expert witness. Covers the role of medical evidence, the duties of an expert, report structure and content, giving evidence in court, witness box skills and recent case law.

An innovative and lively seminar presented by Lyons Davidson Solicitors - one of the country's largest law firms; Clerksroom - Europe's leading practice administration service for barristers, arbitrators and mediators; and medi-fiche - providers of medical evidence to the legal profession and insurance industry.

Seminars throughout the UK in 2006/7

£125.00 per person
